OFFICE INDIAN AFFAIRS.

Washington, D.C. January 18th 1866.

Sir,

Your letter of the 31st ultimo, enclosing a communication to you from Agent Palmer, and the application of Kacham, a Potawatomi allottee under the treaty of 1864, for permission to sell a portion of his allotment to S. B. Bousassa, also a Potawatomi, has been received.

The treaty of 1864 provides that the allotments thereunder shall be inalienable except to the United States or to members of the Potawatomi tribe, with the permission of the President and under such rules and regulations as may be prescribed by the Secretary of the Interior.

As yet no rules and regulations have been
adopted to regulate sales of lands by one
Settlementman to another, but the subject
will receive early attention from this
Department, the result of which will
be communicated to you.

For the foregoing
reasons no present action will be had
upon the application in question.

Very respectfully,

Louis V. Brady.

Department of the Interior
Office of
INDIAN AFFAIRS.

Washington, D.C. Oct 16th 1868,

Sir:

I transmit herewith a list containing the names of Pottawatomie Indians allottees under the provisions of the 2nd article of the treaty with said Indians of November 15th 1861, to whom patents in fee simple for lands severally held by them have been issued or directed to be issued by the President of the United States, and who are entitled under the provisions of the 3rd article of said treaty and the supplemental article made and concluded March 29th 1866, to receive their proportion of the cash value of the credit of the tribe, principal and interest, held in trust by the United States, and also their proportion of the

proceeds of the sale of land, as the same may be received.

To enable you to make these payments, I have, under instructions from the Honorable Secretary of the Interior by letter of the 9th instant, this day caused a requisition to issue in your favor for \$408,370.54 to be placed to your credit with the United States' Assistant Treasurer at St. Louis, Mo. for the proper care and disposition of which sum, as per tabular statement herewith, and in accordance with instructions herein, you will be held accountable under your bond.

The sum of \$365,134.50 is to be divided equally, between the 598 persons who have elected to become citizens, and whose names appear on the accompanying list, as their proportion of the cash value

of the credits of the tribe, and the distributive share of \$610.59 will be paid to each person to whom patents in fee simple for lands to which he is entitled, have actually been delivered, comprising, as you will perceive, the first 527 names on the list; the others to be paid as soon as they shall have received their patents.

The remainder of the amount now remitted, viz: \$143,236.04, is made up from balances on hand June 30th 1868, together with one half of the annuity appropriations for the current fiscal year, and will be paid in the same manner as semi-annual payments of annuities have heretofore been made, all the members of the tribe receiving an equal share of the same. The amount thus divided between 2180 persons as per last census, will give to each one the

sum of \$19.83, with an undivided surplus of \$6.64.

The Hon. Secretary of the Interior has decided that it is not practicable to execute that part of the late appropriation act which authorizes him to sell $\frac{6.00}{2180}$ part of the several classes of bonds, to the amount of \$217,200.00, held in trust by him for the Pottawatomie Indians, this fractional part being the proportion due to those members of the tribe who have elected to become citizens. Action under the provision of this law will therefore be suspended until the matter can again be submitted for the consideration of Congress.

Mr. James W. Saville of the Treasury Department has been detailed for duty in connection with the payments about to be made by you, and will leave here this evening with instructions to report to you at St. Louis Mo.

Upon application being made by you

to the Commanding General of the Department of the Missouri a military escort under the command of a Commissioned officer will be detailed to accompany you to the Indian Country.

In connection with this subject I transmit herewith a copy of a communication from the Hon. Secretary of War, enclosing a copy of General Order No. 74, touching the detail referred to.

I also call your attention to the 2^d section of the late Indian Appropriation Act relative to the manner in which annuities under its provisions are to be distributed to the Indians.

In making the payments you will take the receipt of each individual to whom the money is due, said receipt to be attested by Mr. Saville, by the officer in command of the escort and by the Agent and Interpreter for the Pottawatomie Indians. Should by sickness or other contingency any of these parties be prevented from attending as witnesses to the payments, you will

substitute some other competent person to act in his stead, stating, in your report, what contingency rendered such substitution necessary.

In no case will a payment be made to an Agent or Attorney, or to any other than the party to whom the money is due, unless where such person may since have died, in which event payment will be made to the heirs or representatives of the deceased, in accordance with the laws of Kansas.

Great care and circumspection will be exercised in ascertaining the identity of the claimants, and where any one, entitled to share in the payment, cannot be found, his or her portion of the money will be retained and accounted for by you accordingly.

It is confidently expected that in the discharge of the important duties hereby entrusted to you, you will use every care and diligence, so as to complete the payments in the least practicable time.

and make a full report of your pro-
ceedings to this office.

Very Respectfully,
Your Obedt. Servt.,

deeds and other instruments of writing.

The deed must be accompanied with a Certificate of the Superintendent of Indian Affairs, or the Indian Agent, if the facts are within his personal knowledge, of the precise consideration paid or secured to be paid, whether in money or other property, with sums, dates, and such other incidental matters connected therewith, as will show the true character of the contract and transactions; also if the Grantor is the individual for whom the reservation was made and is capable of taking care of and properly managing his property and that the consideration is a full and fair price for the lands intended to be conveyed; or if the facts should not be within the personal knowledge of the Agent, then the Affidavit of some disinterested and credible person, known to him who possesses such knowledge, and who has not acted as Agent of either of the parties must be forwarded.

Sir

I have the honor to forward herewith a list of persons, Members of the Pottawatomie tribe of Indians, Applying for Patents to Land allotted them under the treaty of 1861, and who are certified by the Business Committee of the tribe as being fitted to be entrusted with the management of their own affairs. Numbers are affixed to the names to correspond to the numbers upon the Allotment list on file in the Office. I would respectfully reiterate the opinion of the Committee in regard to the above list. In the case of nearly all embraced in the list applications have been forwarded and Certificates of Naturalization are supposed to be on file at the Department. In the case of Amable Dimpsey No 1162 on the list it may be proper to state he has not resided upon the Pottawatomie Reservation since the Allotments were made, but is residing with his family in Wisconsin, I would suggest that, although there is no doubt of his ability to manage his own affairs, that

 Potowatomie Agent

Pottowattamie Reservation, Kan

Hon. Wm. O. Dole

Comm. Indian Affairs.

Sir,

On the Pottowattamie
List of Allotments Nos 1120 and 1121 are as follows:

1120. Nah-wah-mo-gua

1121. Ja-mah-gah

On the Kickapoo List Nos 77 and 78 are:

77. She-mah-gah

78. Nah-wah-mo-gua

These persons are identical in both lists; and have by deception obtained allotments of land on both Reservations. It requires much care in a large tribe to prevent dishonest persons from getting enrolled twice, for both annuities and lands. In the case of these persons, they managed to get enrolled three or four times on the original Pottowattamie allotment list, and doubtless received as many annuities at the payment made at the time the list was made - I discovered the fraud before

the lands were allotted, and they received but one allotment each at this Reserve. When, however, I mailed the allotments to the Kickapoo last Fall, these persons slipped in there, got enrolled with the band of Potawatamies which is residing there, and thus again obtained allotments. It was not till my return to this Reserve this winter that I discovered this last fact.

Of course one or the other of these two sets of allotments should be canceled, and I will also suggest that the proper Agent be notified of the cancellation, to prevent these persons from claiming and receiving annuities in both tribes on the strength of their allotments, as it is doubtless double annuities, rather than lands, that they are seeking by means of a double enrollment.

I am informed by parties here that these persons legitimately belong to the Kickapoo - and should be struck off from the list here, but I cannot do much for this. As, however, their last allotment was among the Kickapoo, where they received as much smaller allotment than here, it may be justice to have them back.

Very Respectfully

Hon. Wm. B. Dol

Comm. Indian Affairs.

Sir,

Among the allotments to members of this tribe is one to Enoch Stevens, No. 756 on the roll. Mr. Stevens is a white man who had been married to an Indian girl, but who was not living with her at the time of the allotment. In consideration of his reported marriage, and of the then understood fact that the separation was no fault of his, we recognized him as a member of the tribe, and allotted him 80 acres of land.

It subsequently appeared that he had a white wife to whom he had long previously been married, and consequently his subsequent marriage into the tribe was void. But through oversight his name was continued on the roll and was reported with the other allotments. He is now, and for a long time has been, living with his original (white) wife upon this Reservation, and it therefore seems to me proper that

His name should be struck from the allotment list
and his allotment canceled.

I respectfully recommend that this course
be taken.

Very Respectfully
